### Professional profile

Technology practitioner with experience connecting implementation, automated checks, and release preparation. Movo-X work includes native build workflows, tests, deployment scripts, and release records; own-site work includes Cloudflare publishing and production validation. Brings architecture and application knowledge to diagnosing deployment and runtime behavior.

### Relevant experience

**EverestX**

Implemented talent and client onboarding journeys, hiring requests, interview outcomes, and lifecycle notifications. Improved video workflows by parallelizing uploads and transcription work, alongside changes to onboarding data loading and hiring-request loading.

**Movo-X**

Worked across native patient applications and backend integration for registration, consultation booking, family profiles, and health records. Extended delivery into automated tests, native build workflows, and release preparation.
