Omer Muneer Qazi

iOS Developer

Patient app workflows · Family health features · Release preparation

omermuneer@gmail.com | +92 321 7300266 | omermuneer.com

Professional profile

iOS developer with Movo-X project experience across patient registration, consultation booking, family health records, and patient cards. Work includes Apple Wallet integration and the models and backend services supporting native patient workflows. Combines feature implementation with localization, testing, and release preparation.

Relevant experience

Movo-X

Worked on native iOS and Android workflows for registration, booking, family health charts, readings, and immunisation records. Related work included patient cards, Apple Wallet integration, localization, automated tests, and release preparation.

EverestX

Worked across architecture, databases, APIs, and client and talent workflows. Implementation included account transitions, notifications, and video-processing workflows connecting the interface with operational services.
